I'm a speech pathologist who loves helping people communicate more confidently. I'm drawn to the complex areas of practice, especially swallowing and AAC.

Speech pathology areas I work in

✓ **Speech** Clear speech sounds	✓ **Language** Understanding and being understood	✓ **Voice** Pitch, volume, vocal strain
✓ **Fluency** Stuttering	★ **AAC** Devices, boards, signs	★ **Swallowing** Eating, drinking, mealtimes

Who I see: ✓ Children ✓ Teens ✓ Adults

✓ Yes, I see people for this ★ A main focus for me

What lights me up

Complex swallowing
I lead our community dysphagia assessments and oversee the clinicians who do them. The complex ones are what I love diving into.

Mealtime management plans
Clear plans that set out how to support eating and drinking, for everyone who supports you.

AAC
Finding the way of communicating that works for each person excites me.

The whole lifespan
I love the variety of working with children and adults.

How I work

Compassionate. you set the pace

Personalised. no two plans look the same

Thorough. detail comes first

What happens when you reach out?

1. Email or call Liz, our NDIS specialist. Ask for Brittney by name.
2. Liz reaches out within 24 hours and checks we are the right fit. If we are not, she points you to someone who is.
3. If we are, Liz gathers your details, books you in and connects you with Brittney.
4. Brittney picks it up from there, and goals are set with you, in your words.

The team behind Brittney. Nobody here works alone. Our speech pathologists, occupational therapists, key workers and allied health assistants work as one multidisciplinary and transdisciplinary team, and plan together around each person. Every speech pathology report and mealtime management plan is read and checked by our senior clinicians before it is released.

Family first, always. Every plan is built around the people who matter most.

NDIS funding may cover speech pathology where it aligns with the participant's goals and approved plan. Not all NDIS plans include speech pathology supports.
