I'm a mum of two and the founder of The Centered Space. When a situation is complex, I take it on, steady it, and then hand it to the right person on our team with a clear plan.

## Speech pathology areas I work in

| | | |
|---|---|---|
| ✓ **Speech** Clear speech sounds | ★ **Language** Understanding and being understood | ✓ **Voice** Pitch, volume, vocal strain |
| ✓ **Fluency** Stuttering | ✓ **AAC** Devices, boards, signs | ★ **Swallowing** Eating, drinking, mealtimes |

**Who I see:** ✓ Children ✓ Teens ✓ Adults

✓ Yes, I see people for this ★ A main focus for me

## What lights me up

**Complex swallowing and mealtimes**
I love untangling the tricky ones, and building mealtime plans that support eating and drinking.

**Communication that hasn't fitted anywhere else**
Children and adults with complex needs are where I love to dive in.

**Reports that tell the whole story**
Complex NDIS reports, plan reviews and tribunal matters, written clearly and grounded in the evidence.

**Steadying things, then finding the right fit**
I take on what is complex, steady it, then hand over to the team member who suits you best.

## How I work

**Whole picture first.** the clinical detail sits underneath

**Clear and honest.** you always know what is happening and why

**Never alone.** every plan is built with the team

## Outside of work

Time with my two littles.

## What happens when you reach out?

1. Email or call Liz, our NDIS specialist. Ask for Haylee by name.
2. Liz reaches out within 24 hours and checks we are the right fit. If we are not, she points you to someone who is.
3. If we are, Liz gathers your details, books you in and connects you with Haylee.
4. Haylee picks it up from there, and goals are set with you, in your words.

**The team behind Haylee.** I lead our report system. Every Functional Capacity Assessment starts with a clinical consult with me and Liz, our NDIS specialist, before a word is written. Assessments are chosen with a reason, and every report is read by Liz and checked by me before it is released.

Family first, always. Every plan is built around the people who matter most.

NDIS funding may cover speech pathology where it aligns with the participant's goals and approved plan. Not all NDIS plans include speech pathology supports.
